

## How to Access the NBQA Book Collection

To Search the NBQA Special Collection of Books, housed at the Main Branch of the Cranston, RI Public Library perform these steps:

1. Go to the Ocean State Libraries website: <http://catalog.oslri.net/>

The screenshot shows the top navigation bar with icons for Home, Help, Advanced Search, and New Search. The main heading is "Search the Ocean State Libraries Catalog" with a subtitle "for books, videos, CDs, periodicals, eBooks, and more". Below this is a search interface with a "Title" dropdown menu, a text input field, a "View Entire Collection" dropdown, and a "Search" button. On the left, there are two columns of links: "START HERE" (View Patron Record, Register For A Library Card, Classes, Programs & Events, Featured Lists) and "OTHER RESOURCES" (Encore Search, Find an Article!, Reference Resource Center, E-Zone Digital Downloads, Catalog Search Tips). The Ocean State Libraries logo is on the right. The footer contains "New Search | Help | Member Library Websites" and "WebPAC PRO © Innovative Interfaces, Inc."

2. Use the drop down menu to change "title" to "Subject" in the first field. In the second field, type "Quilt" or "Quilting". In the 3<sup>rd</sup> field, use the drop down menu to select Find Cranston, then select "-Cranston". Then click the Search button.

This screenshot shows the search interface with annotations. The "Title" dropdown is changed to "Subject". The text input field contains "quilting". The "View Entire Collection" dropdown is open, showing a list of library locations, with "- Cranston" selected. Arrows point from the text instructions to these elements: one to the "Subject" dropdown, one to the "quilting" text field, one to the "- Cranston" selection in the dropdown, and one to the "Search" button. The footer is the same as the previous screenshot.

3. From the list that appears, click on “Quilting Patterns” or “Quilting” or any of the others that interest you.

|    |  |       |
|----|--|-------|
| 1  | <a href="#">Quilting -- 3 Related Subjects</a>   |       |
